SPECTATORS

Located in Kariavattom (Trivandrum), Greenfield International Stadium recently bore witness to the 35th Indian National Games, and much more recently, to the T20I match between India and New Zealand earlier this month. Designed by College of Design, Mumbai, Greenfield is a beacon of hope for Sports and Games development in South India. WHY?

Almost 9% of all children in India are orphans. Adoption Rates in India have been plummeting in recent years, down by up to 50 percent in the last five years. Education in most states face a reverse bottleneck, with good support for higher education but with a quickly eroding foundation in Primary education. Social welfare schemes are losing momentum, and the future of India's Children is beginning to look bleak.

How much direr must the situation be for the thousands of children without homes or guardians? A large part of the proceeds from this concert will go into providing safety and equal opportunity to underprivileged children under 16 years of age.

The event will be conducted in partnership with The Kailash Satyarthi Children's Foundation for further implementation of the project.

Help us, help them.

KAILASH SATYARTHI

CHILDREN'S FOUNDATION

A large part of the proceeds from the concert will be used for the accomplishment of various projects under The Kailash Satyarthi Children's Foundation. The KSCF, established in 2004 under the leadership of Nobel Peace Laureate Shri Kailash Satyarthi, works on the mission of establishing a child friendly world. Bal Mitra Gram and Bachpan Bachao Andolan are the two major projects that would be implemented in Kerala in association with the charity concert. The projects work towards providing safety and equal opportunity to the underprivileged children in the state.
